

Diana is in her third year at CUVC and her sixth year coaching at the club level. She was born and raised in Orlando, Florida, but her family hails from the great state of Wisconsin. #CheeseheadandBadgerFanForLife.

Diana started playing volleyball when she was 12 and hasn't looked back since. She played throughout middle, high school and college, consisting of both travel play and varsity level.

Throughout her volleyball career, she was surrounded by some phenomenal coaches who have led her to be the player and adult she is today – they helped her achieve her dreams. “I coach at CUVC to be that light in a young athlete’s life and help them achieve their dreams. I’m so incredibly honored to be able to coach with this program, year after year”.
