

Linda started coaching with CUVC in our mission's partnership program that took a group of players and coaches to Costa Rica in July 2016. She served as the former director of Rock Hill Volleyball Club since 2013 and as the President of the Board for USAV/Palmetto Region until November of 2016. She has been coaching for over 28 years, in the local area for 14 years, and has been at Carmel Christian School for the past 2 years.

Linda's playing experience includes High School, College, and Semi-pro Beach, and she still plays competitively outdoors. Linda's coaching philosophy is to help girls to become young women who know their self-worth and with self-confidence, true accountability and integrity can affect a positive change in the world.
